

# OVERALL SUMMARY OF TESTING

## **TEST OBJECTIVE:**

1. Adding a Card in a Board and check the functionality in the Web Application for the following

- Members
- Labels
- Checklist
- Dates
- Attachments
- Cover

2. Testing List Actions for Web applications such as

- Add Card
- Copy List
- Move List
- Watch

## **APPLICATION OVERVIEW:**

Trello is the easy, free, flexible, and visual way to manage your projects and organize anything, trusted by millions of people from all over the world.

## **TESTING SCOPE:**

We will use this board to:

- Each member will add their own SMART tasks with due dates
- The tasks that we are unable to complete - each member will move to the next sprint
- We will use this board to review tasks

In-Scope: Functional Testing for the following modules are in Scope of Testing

- Board
- Cards
- List

Out of Scope: Performance Testing was not done for this application.

# OVERALL SUMMARY OF TESTING

## TESTING APPROACH:

### ➤ Functional Testing:

Functional testing is the process through which QA's determine if a piece of software is acting in accordance with pre-determined requirements

### ➤ User Interface Testing

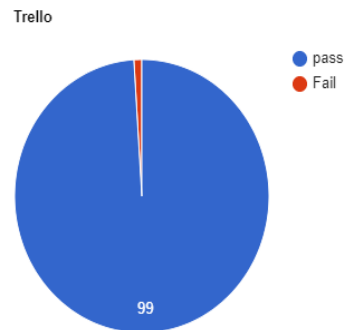

UI Testing, also known as GUI Testing is basically a mechanism meant to test the aspects of any software that a user will come into contact with.

Serial no	Functions	Description	% TC's Executed	% TC's passed	TC's Pending	Priority	Remarks
1	New Board	Check new board is created	100%	100%	0	High	
2	Add to card	Check Add Card is enable	100%	100%	0	High	
3	Add Members	Check Members can be added	100%	100%	0	High	
4	Edit member	Check member can be edited	100%	100%	0	High	
5	Delete member	Check member can be deleted	100%	100%	0	High	
6	Add Label	Check label colour is added	100%	100%	0	High	
7	Edit Label	Check label can be edited	100%	100%	0	High	
8	Select label	check label is selected	100%	100%	0	High	
9	Delete label	Check added label is deleted	100%	100%	0	High	
10	Add Checklist title	Check Title is added	100%	100%	0	High	
11	Add item in checklist	Check Item is added	100%	100%	0	High	
12	Add Emojis in Checklist	Check Emoji is added	100%	100%	0	High	
13	Edit Checklist Title	Check Title is can be edit	100%	100%	0	High	
14	Delete Checklist	Check Checklist is deleted	100%	100%	0	High	
15	Add Date	Check date is assigned	100%	100%	0	High	
16	Add Due date	Check Due date is assigned	100%	100%	0	High	
17	Remove date	Check Assigned date is removed	100%	100%	0	High	
18	Add link in Attachment	Check link is attached	100%	100%	0	High	
19	Edit link in Attachment	Check link can be edited	100%	100%	0	High	
20	Remove link in Attachment	Check link can be removed	100%	100%	0	High	
21	Add Colours in Cover	Check colour is added	100%	100%	0	High	
22	Search for photos in cover	Check photos are searched	100%	100%	0	High	
23	Upload image in cover	Check image is uploaded	100%	100%	0	High	
24	Unspalsh in cover	Check another Website is opened	100%	100%	0	High	
25	Add to card	Check Add Card is enable	100%	100%	0	High	
26	Copy list	Check List is created	100%	100%	0	High	
27	Move list	Check list is moved	100%	100%	0	High	
28	Watch	check watvh option display eye symbol	100%	100%	0	High	

# OVERALL SUMMARY OF TESTING

## TESTING METRICS:

Test pass/ Fail

## Overall Summary:

In this Trello application, We listed out every feature, We tested the web application and wrote test cases. based on it.
